We are one of the largest and oldest universities in Europe and one of the most important employers in our region. Our broad range of subjects, the dynamic development of our main research areas and our central location in Cologne make us attractive for students and researchers from around the world. We offer a wide range of career opportunities in science, technology, and administration.

The Cologne Institute for Information Systems for the Faculty of Economics, Management and Social Sciences focuses on research and teaching in Digital Transformation and Digital Innovation, encompassing a broad range of topics such as Systems Development, Entrepreneurship, Mobility & Energy, Data Analytics or Sustainability. CIIS is highly ranked for its publication record in both German-speaking countries and Europe and for its practical impact.

#### YOUR TASKS
